ACM-Citrus

Denomination type: liquid mixture of complexed MICRONUTRIENT. Manganese (Mn) ZINC (Zn). sulfate anion
Group 1.3.3.02 ORDER AAA / 2564/2015,November 27th, amending Annexes I, II, III, IV and VI to R. D. 506/2013, June 28th, on fertilizers

FEATURES

ACM-Citrus is recommended to prevent and correct deficiency states of manganese and zinc in all cultures especially citrus crops.

ACM-Citrus promotes protein production and photosynthesis, by activating the plant growth and yield and crop quality.

Product approved for use in Organic agricultura in compliance with the EC nº 834/2007 Regulation. Certificate nº CM260PAE-07.4 by Sohiscert.

ACM-Citrus may be used in all kinds of crops, but it is specially formulated to cover the needs of these micronutrients on citrus, particularly orange tree.

It can be applied both foliar and irrigation way. **ACM-Citrus** should apply from sprouting and when crops show deficiency symptoms.

DOSE AND APPLICATIONS

FOLIAR

Dose:
200 - 400 cc/HL and spending 6-12 L/Ha.

DRIP IRRIGATION

Dose:
10 - 12 L/Ha distributed throughout crop cycle.

GUARANTEED RICHNESS in % w/w

Manganese (Mn) soluble in water: 4,5%
Complexed Manganese (Mn): > 2,25%
Zinc (Zn) soluble in water: 3,5%
Complexed Zinc (Zn): > 1,75 %
Complexed agent: Lignosulphonic Acid (LS)
Minerals anions: Sulphates
pH (complexed stability fraction range): 4 - 9
pH: 5
Density: 1,35 g/cm^3
Colour: Brown

RESIDUE ZERO

CAUTIONS
The recommendations and information that we provide are the result of a wide and severe test. However in its use many factors out of our control may appear such as weather, preparation of broths, applications, etc.. The company guarantees the composition, formulation and content. ACM-CITRUS is compatible with the most fertilizers and pesticides commonly used. Do not mix with minerals oils, copper or alkaline products reaction. Used only if needed. Do not overdose. In case of doubt, perform a compatibility test. User shall be liable for damage caused by lack of efficacy, toxicity, waste, etc. not to follow label instructions. Store in a dry and protected from extreme temperatures (5 ° C-35 ° C) place. Keep out of reach of children. Stay away from food, drink and feed. In case of eyes and skin contact , wash immediately with plenty of water.
